

HELP US SAVE THE ARKANSAS RIVER CANYON

ROAR (Rags Over the Arkansas River) is a nonprofit, grassroots organization working to prevent the Christo OTR Project. We need your support to continue our work in defense of the people, the wildlife and environment of the Bighorn Sheep Canyon. Your donation will help us continue the effort to STOP this project, which has a 3year time line.

To date we have collected over 3,000 signatures on our petition, produced bumper stickers, and a DVD depicting the impact on the Arkansas River, the Big Horn Sheep Canyon and the communities along Highway 50 between Cañon City and Salida, CO. We maintain an informational website (see below).

There are 15 different agencies that are accountable for issuing permits for this project, and we must stay in contact with each of them. We copy all of the petitions and mail these to the agencies. We also have booths at the local public events and pass out educational materials.
